From the front row, wallpaper.com is covering the September fashion weeks seen through its expert eyes. The 2008 Spring/Summer shows will reveal what New York, Paris, Milan and London's best fashion designers have to offer.

Around the clock reports accompanied by images straight from the top 20 catwalks are to be anticipated from the Wallpaper* team on the New York, Milan, London and Paris shows, as well as blogs, highlights and recommendations, which will provide users with news and a point of view found nowhere else.

Also featured will be a page dedicated to the most beautifully designed invitations the Wallpaper* team has received for fashion week parties and catwalks, a page on the best venues chosen to hold this year's fashion shows and events, and blogs from four famous designers reviewing the best of Fashion Fringe.

The wallpaper.com fashion week coverage will go live on the 5th September through to the 8th October.
